Education

Master of Science in Economics

University of Texas at Dallas

Jan 2025 – May 2026 (Expected)

Bachelor of Science in Economics

University of Texas at Dallas

May 2019

Professional Experience

Cram Crew Inc | Test Prep Consultant

Mar 2025 – Jan 2026

- Delivered personalized 1-on-1 SAT math tutoring sessions for high-achieving students, designing custom lesson plans tailored to each student's learning style and proficiency level
- Adapted instruction across both in-person and virtual formats, maintaining engagement and measurable progress in students with widely varying academic backgrounds
- Expanded scope of tutoring to include Economics and Physics as demand grew, quickly mastering and effectively teaching additional subjects beyond the original mandate
- Guided multiple students to outstanding SAT scores through targeted preparation strategies, focusing on problem-solving techniques and test-taking confidence

Bridgevue Energy Services | Energy Analyst

Oct 2021 – Jan 2023

- Produced analysis and forecasting reports on new projects, assessing financing feasibility and viability — including for a pediatric hospital in Dallas and a medical center at a university in Vermont
- Conducted demand response assessments, savings reports, and electrical RFPs; reviewed and audited utility bills, resolving billing discrepancies with electrical and T&D service providers
- Maintained cost reports tracking electrical (kWh) and natural gas (MMBTu) consumption across multiple client sites, supporting overall client relationship management

World Trade Center Dublin | International Trade Associate

May – Aug 2018

- Conducted leads research and generated reports for clients via the WebPort Global Platform
- Researched market trends and compiled data into reports for supervisor review and strategic consideration
- Prepared industry status reports and project viability assessments, including capital requirements analysis

Project Experience

ATP Tennis Statistics Database (R Shiny App)

Apr – May 2026

- Designed and deployed an interactive Shiny web application querying ATP player statistics; built PostgreSQL schema with four relational tables connected via RPostgres in R. Live: prashanttiwari.shinyapps.io/tennis-app

NBA Players Database Shiny App

Apr – May 2026

- Built and deployed an interactive Shiny app connected to a SQLite NBA database displaying active player rosters with headshots; imported SQL database via DB Browser and deployed to shinyapps.io. Live: prashanttiwari.shinyapps.io/nba-app

World Bank and G5 Nations Analysis (5-page research paper)

Aug – Dec 2018

- Analyzed political and financial ties between the World Bank and G5 Nations, predicting their impact on the Bank's overall functioning
- Assessed effects on loans, financial aid, and development projects in emerging economies using STATA to determine statistical correlation

John Deere Reman Plant Analysis

Jan – Jun 2020

- Performed a breakdown of John Deere Reman's automobile core plant and associated supply chain
- Optimized workflow using Gantt charts, identified operational bottlenecks, and evaluated reusability profitability

Skills

Data & Analytics: STATA, SQL, R, Shiny, PostgreSQL, SQLite, Tableau, MS Excel (Advanced)

Software: MS Word, MS PowerPoint

AI & Productivity Tools: ChatGPT, Claude, Copilot — proficient in integrating AI tools into research, analysis, and workflow optimization

Languages: English (Native), Hindi (Bilingual)

Core Competencies: Market Research & Analysis, Cost Benefit Analysis, Financial Forecasting, Client Relationship Management, Strategic & Critical Thinking

Campus Involvement

Texas E-Sports Association (TeSPA) – Esports Representative: organized meetings, managed budgeting, and drove visibility and growth through events

Indian Cultural Club (ICC) – Associate Lead: represented Indian students on campus and promoted cultural awareness
